EDUCATION

B.Tech(Artificial Intelligence and Data Science)

Karpagam Institute of Technology, Coimbatore

Year of Graduation: 2026

CGPA: 8.3 (Till semester 3)

Higher Secondary

Nirmala Matha Convent School, Coimbatore

Year of Passing: 2022

ICSE (SSLC) - 90%

ISC (HSC) - 85%

Personal Info

I am a dedicated AI & Data Science Engineer currently pursuing a B.Tech in Artificial Intelligence and Data Science at Karpagam Institute of Technology, with a strong academic record and a CGPA of 8.3. My expertise lies in Python, Java, SQL, and MongoDB, and I actively engage in coding challenges on platforms such as LeetCode, GeeksforGeeks, and HackerRank. I have also participated in various competitions and hackathons, including Flipkart Runway Season 4, the Hacker-Ramp WeForShe initiative by Myntra, and the Design Impact Movement by Titan. I have a keen interest in research, demonstrated by my presentation of a paper titled "A Review on Advancement in Electric Vehicles" at the ICLTSET 2023 conference. I am driven by a passion for innovation and problem-solving and constantly seek opportunities to apply my skills in AI and data science to real-world challenges.
